Chief Harton reported on the dumpster fire at the Muni building on Saturday, August 29, 2026. The deposit from the renter was kept and the renter agreed to pay an additional \$400 for damages. She also reported the department has been using a program called Alier for report writing, which is \$500 per year, but the officers don't really use the program now, so she is not going to renew when the current contract expires in October. All reports that are currently in Alier will be transferred to her computer, because the department still has to have access to them.

Trustee Jarrett asked about the backyard at 2217 E. Enterprise. Chief Harton said she will write a work order for the maintenance department to mow it again.
